IT'S VITAL TO YOUR SALVATION!

## What Good Is A God Without A Plan To Stop Sin, Sickness, Disease, Hatred And Wars?

My Dear Friends,

The world today is full of sickness and disease epidemics that can wipe out all flesh. They are multiplying, mutating, and resistant to all drugs. If there was a cure, surely the scientists would have it by now. Yet, the people keep hoping that the doctors, who are also diseased, will find a pill to save them.

The diseases have gotten so bad that the children, the future generation, are born with several diseases, ensuring their quick, miserable death. The number of children born with these deadly killers is enormous and growing rapidly.

Weapons of war and war itself are getting more dangerous to the world population. Now we are facing nuclear proliferation and nuclear war, which scientists say will darken the sun. Given time, it makes one wonder just how many ways mankind could find in the name of their religion and under the pretext of righteousness to destroy the entire population.

I am writing to all religions—Catholic, Christian, Jewish, Islamic,

Hindu, Buddhist, Taoist, etc.

Everything on earth is getting worse each day. Check this out, at the rate diseases and deaths from STDs are increasing mankind would be extinct in only a few years. Thousands of children are born every day with STDs. Many of them will only live a few days, months or years. Some of them will live long enough to pass the killer STD on to others before they die.

We are not dealing with tens or hundreds of STD carriers; we are dealing with millions.

There are over 125 different kinds of STDs now. With millions of carriers or distributors whose morals are at an all time low, due to the pattern of morals set by Hollywood and today's religious teachings, millions can turn into billions. In fact, that's where we stand.

### How Are STDs Received?

It is thought that STDs are only spread by sexual relations, but that is far from being the only way. Listed below are

other deceptions presented by the media and the medical establishment today that contributes to the spread of STDs:

- Condoms will prevent STDs.
- STDs are found mostly or only in developing countries.
- Only stupid people, sodomites or the uncircumcised get STDs.

Not only are thousands of children born with STDs, it's now a scientific fact that people can acquire STDs by coming in contact with other people, animals, or objects that an infected person has come in contact with. Yes, you can contract an STD by touching a doorknob, sitting where a carrier sat (a chair, toilet seat, car, etc.), swimming, drinking from a water fountain, sleeping in a motel bed, and even breathing the air. Yes, the world has become that defiled. The following articles verify this fact.

### Study finds the air rich with bacteria

BERKELEY, CA—Want biodiversity? Look no further than the air around you. It could be

P.O. Box 2498, Abilene, TX 79604

Tel: (325) 893-5899 (325) 672-5420 Fax: (325) 893-1793 USA: 1-800-613-9494

e-mail: hoy@bitstreet.com website: www.yahweh.com

teeming with more than 1,800 types of bacteria, according to a first-of-its-kind census of airborne microbes recently conducted by scientists from the U.S. Department of Energy's Lawrence Berkeley National Laboratory (Berkeley Lab).

Surprisingly, they found a widely varied bacterial population that rivals the diversity found in soil. They also found naturally occurring relatives of microbes that could be used in bioterrorist attacks—although many of these relatives are harmless.

"Before this study, no one had a sense of the diversity of the microbes in the air," says lead author Gary Andersen of Berkeley Lab's Earth Sciences Division.

"We found that there are a lot of airborne bacteria, including pathogens, which we did not know are out there."

www.eurekalert.org

## STDs are Everywhere

STDs are:

- In the air
- In the oceans, lakes, and streams
- In the soil
- In landfills and sewage treatment plants
- They are found in animals, fish, plants, and coral

How can you catch an STD?

- Through sexual activities human and/or animal
- Skin-to-skin contact
- From mother to child - through placenta, during birth, from breast milk
- Inherited from parents
- STD is attached to sperm/egg acquired at conception
- Body fluids
  - Tears
  - Saliva
  - Blood
  - Sweat
  - Urine
  - Mucus
- Blood transfusions
- Unsterile medical equipment
  - Surgical and dental instruments
  - Needles
- Wet towels, car seats, chairs, etc.
- Airborne transmissions

"In the United States, more than 65 million people are currently living with an incurable STD. An additional 15 million people become infected each year." —Center for Disease Control

## History of STDs

Pre 1960's: Syphilis and Gonorrhea were the only major STDs

1976: Chlamydia first recognized

1981: AIDS identified

1982: Herpes became very prevalent

1992: PID or Pelvic Inflammatory Disease recognized

1996: HPV or Human Papilloma Virus recognized as the cause of 90% of all cervical cancer and is the reason for yearly PAP smears

1980-present: 8 NEW diseases identified including HIV

\*It is important to note that this is not just a case of medical science diagnosing what has existed all along. These are NEW diseases, caused by sexual activity with multiple partners. Viruses continue to mutate and multiply all the while becoming more resistant to treatment.

Note also that these and over 100 other STDs were created, mutated, formed, and bred in this generation.

## Herpes Encephalitis (herpes in the brain)

Encephalitis is a condition where the brain becomes inflamed due to a virus or other types of infections. One kind of virus that can cause encephalitis is herpes simplex type I.

Although herpes simplex type I most often causes mild symptoms like cold sores and fever blisters, it can occasionally travel to the brain and cause encephalitis.

If left untreated, herpes encephalitis can result in death.

herpes-coldsores.com

Think of the confused state of mind a person can be in who has encephalitis shorting out the electrical network of the brain. How many people are in political positions with the power to make decisions that involve the nations' armies, bombs, and even nuclear bombs? It's not known, but the odds are getting slimmer each day as this and many other diseases spread.

## Acquiring Herpes Late In Pregnancy Brings Special Dangers To The Newborn

SEATTLE, WA—While there is never a good time to acquire a herpes infection, contracting the virus late in pregnancy can prove catastrophic for the newborn child, with a high risk of severe brain damage or death from neonatal herpes.

The increased risk to the baby when the virus is acquired late in pregnancy comes because there is insufficient time for the mother to form antibodies to the virus (which takes four to eight weeks) and pass them to the baby before starting labor. With earlier infection, antibodies are passed through the placenta, giving the baby some degree of protection. Without antibodies, the child is highly susceptible to acquiring the virus in the birth canal. With its "naive" immune system, explained Brown, the baby has few resources to fight the virus.

Once infected, babies don't show symptoms for five to 21 days. "Once the baby is symptomatic," said Brown, "it's too late to avert damage, and we're much less likely to contain the infection. Babies have no defenses."

Unlike gonorrhea or syphilis, herpes is not a reportable infection, noted Brown, so there are no national statistics. Estimated rates of

neonatal herpes vary throughout the country; in the Northwest, it occurs about once in 2,000 live births; about half of those infants die or suffer brain-damage.

"It's treatable, but often undetected," Brown said. "Mother and baby have usually left the hospital, and the first symptoms are just listlessness and irritability. A couple of days later, there are seizures, but by that time, significant brain damage has occurred."

"In women, there may be no recognizable symptoms," added Brown. "Until now, it was thought that the primary infection brought numerous lesions, headache and flu-like symptoms. But such cases are the tip of the iceberg. About two-thirds of women don't have any idea that they've just gotten herpes; therefore, they're at risk to transmit it to their babies. We have to have some way of diagnosing the mother who's susceptible, and test her partner as well. Even if you can't prevent her from acquiring the infection, at least you know she is at risk."

www.pslgroup.com

If these problems were not bad enough for man's future, the nations have now built gigantic nuclear bombs, thousands of times more powerful than the two atom bombs that destroyed the huge cities of Hiroshima and Nagasaki.

Many nations are now making threats of nuclear attack and war games are being played.

What will take place in all nations, covering every part of the globe between now and October 13, 2007, you can actually see in the following news articles and what is taking place, shown in the world news, is exactly what is shown in the Inspired Prophecies.

## Climate would reel from A-bombs

**Even a small-scale nuclear war would have far-reaching consequences for the global climate, say scientists.**

A US team has modeled the effects of a limited conflict in the light of new concerns over weapons proliferation. Its study, reported at an American Geophysical Union meeting, employed the very latest computer simulations. For an exchange of 100 Hiroshima-sized bombs, the modelling suggested there would be millions of deaths, as well as climate cooling and ozone damage.

"We saw what happened on 9/11: 3,000 people died and the world economy staggered," said Professor Richard Turco from the University of California, Los Angeles (UCLA).

"One can only imagine the implications if Hiroshima-scale detonations occurred in one or more major cities around the world today."

... 15-kiloton devices were focused on large metropolitan centres.

The explosions would ignite huge firestorms, fuelled by all the wood, plastics and petroleum products commonly found in such locations. These would send thick black smoke into the upper troposphere, where heating by the sun would drive the particles even higher into the stratosphere.

The new simulations, run on a Nasa supercomputer, show that for five million tonnes of black smoke sent skyward, the result would be a global cooling of 1.25C, as the material spread out and blocked light from reaching the ground. A reduction in precipitation levels of 10% and a shortening of growing seasons by up to 30 days was also forecast.

### **Agricultural disaster**

It was Professor Turco who first coined the phrase "nuclear winter" back in the 1980s to describe the climate shift that would result from a war using atomic weapons.

### **Fatality Estimates**

For 50 15kt airburst detonations centred on urban zones; blast and fire deaths

**Argentina:** 4,337,000

**Brazil:** 7,962,000

**China:** 16,716,000

**Egypt:** 7,834,000

**France:** 3,509,000

**India:** 12,424,000

**Iran:** 7,431,000

**Israel:** 2,594,000

**Japan:** 5,890,000

**Pakistan:** 9,171,000

**Russia:** 6,273,000

**UK:** 2,891,000

**US:** 4,056,000

The impact on global food supplies would be catastrophic, the group said.

### **Growing threat**

The researchers warned that the impoverished conditions would last longer than previous studies had indicated because older climate models did not adequately represent the mechanisms that took material high into the stratosphere.

"If you look at the change in solar radiation from, say, the Mount Pinatubo volcanic eruption (1991), it goes away after about a year, but the black smoke is lofted into the stratosphere and it lasts for a decade," explained Professor Alan Robock from Rutgers.

Some regions would probably go back to cold conditions not experienced since medieval times and a climate phase sometimes referred to as the "Little Ice Age" when Europe in particular was hit by very harsh winters.

The authors also note that the smoke plumes would upset stratospheric chemistry, resulting in a significant disruption of the ozone layer, depleting it by 40% over many inhabited areas and by up to 70-80% at the poles.

The researchers said current concern about emerging nations acquiring nuclear weapons and the threat of terrorist attacks merited a return to the subject.

While most people think we're on a path of reduced probability of war because of nuclear build-down by the superpowers, in fact we actually have the opposite situation going on,"

said Professor Owen Toon from Colorado University.

"We're on a trend of a build-up of nuclear weapons. In a couple of decades, there could be 20, 30, 40 nuclear states all as dangerous as the Soviet Union used to be."

news.bbc.co.uk

## **Small Nuclear War Would Cause Global Environmental Catastrophe**

SAN FRANCISCO - A small-scale, regional nuclear war could disrupt the global climate for a decade or more, with environmental effects that could be devastating for everyone on Earth, researchers have concluded.

The scientists said about 40 countries possess enough plutonium or uranium to construct substantial nuclear arsenals. Setting off a Hiroshima-size weapon could cause as many direct fatalities as all of World War II.

"Considering the relatively small number and size of the weapons, the effects are surprisingly large, said one of the researchers, Richard Turco of the University of California, Los Angeles. "The potential devastation would be catastrophic and long term."

The lingering effects could re-shape the environment in ways never conceived. In terms of climate, a nuclear blast could plunge temperatures across large swaths of the globe. "It would be the largest climate change in recorded human history, Alan Robock, associate director of the Center for environmental Prediction at Rutgers Cook College and another member of the research team.

### **Blast fatalities**

In one study, scientists led by Owen "Brian" Toon of the University of Colorado, Boulder, analyzed potential fatalities based on current nuclear weapons inventories and population densities in large cities around the world.

His team focused on the black smoke generated by a nuclear blast and firestorms--intense and long-lasting fires that create and sustain their own wind systems.

For a regional conflict, fatalities would range from 2.6 million to 16.7 million per country. "A small country is likely to direct its weapons against population centers to maximize damage and achieve the greatest advantage," Toon said.

### **Chilled climate**

With the information, Robock and colleagues generated a series of computer simulation of potential climate anomalies caused by a small-scale nuclear war.

They discovered the smoke emissions would plunge temperatures by about 2 degrees Fahrenheit (1.25 degrees Celsius) over large areas of North America and Eurasia--areas far removed from the countries involved in the conflict.

Typically when sunlight travels through the atmosphere, some rays get absorbed by particles in the air, before reaching Earth's surface. After a nuclear blast, however, loads of black smoke would settle into the upper

atmosphere and absorb sunlight before it reaches our planet's surface. Like a dark curtain pulled over large parts of the globe, the smoke would cause cool temperatures, darkness, less precipitation and even ozone depletion.

### **Global upshot**

The study showed it doesn't take much nuclear power to drive meteoric results. Whereas the scenarios presumed the countries involved would launch their entire nuclear arsenals, that total is just three-hundredths of a percent of the global arsenal.

## **New York Nuclear Bomb Scare Kept Secret For Months**

New York (AFP)

One month after the September 11 terrorist onslaught on the United States, senior US officials were informed that terrorists had obtained a 10 kiloton nuclear bomb and were planning to smuggle it into New York, Time Magazine reported.

...Time said the highly classified intelligence alert was circulated to only a few top US officials and was deliberately kept secret so as not to panic New Yorkers.

A 10-kiloton bomb detonated on Lower Manhattan could kill some 100,000 civilians, contaminate 700,000 more with radiation and flatten everything within half-a-mile of the blast, the news weekly reported.

"We are as vulnerable today as we were on 9/10 or 9/12," Karen Hughes, White House adviser to President George W. Bush, was quoted as saying. "We just know more."

www.spacedaily.com

## **Russia Accuses US of Building New Berlin Wall**

MOSCOW -- A senior Russian government minister accused the United States on Sunday of building a "new Berlin wall with its plans for a missile defence system in Central Europe that have infuriated Moscow.

"They are trying to push us into knocking heads with Europe... in order to create a new dividing line, a new Berlin Wall," first deputy prime minister Sergei Ivanov said in an interview on state-run Rossiya television.

"It is obvious that continuing with the plans and carrying them out by placing rockets in Poland and radar in the Czech Republic will, of course, present an obvious threat to Russia."

www.commondreams.org

## **Nuclear Terror Attack On New York Would Kill More Than 250,000: Study**

A terror attack on New York using a Hiroshima-sized nuclear bomb would kill more than a quarter of a million people and leave hundreds of thousands sick, according to a computer estimate...

"About 1,000 hospital beds would be destroyed by the blast and 8,700 more would

Inspired Prophecies show is coming between now and October 13, 2007.

You need our book, *Birth of the Nuclear Baby*. It shows the Quartet in Prophecy and the nuclear wars they will bring in trying to prevent nuclear weapon proliferation. These wars will, in fact, start with a third part of men being killed over a fourth part of the earth, in and around the great River Euphrates. If you study the map of the Middle East and watch the news, you will see that fourth part of the earth is where most of the trouble is taking place at this very time.

Yahweh shows the Quartet and the authority given to them by certain nations.

● **Revelation 7:1-3—**

1 And after these things I saw four messengers standing on the four corners of the earth, holding the four winds of the earth, so that the wind should not blow on the earth, nor on the sea, nor on any tree.

2 And I saw another Malak ascending from the east, having the Seal of the Living Father; and he cried with a loud voice to the four messengers, to whom it was given to hurt the earth and the sea,

3 Saying: Hurt not the earth, neither the sea, nor the trees, until we have Sealed the Servants of our Father in their foreheads.

What is held back for the Elect's sake (**Mattithyah 24:21-22**) are the wars shown in:

● **Revelation 6:7-8—**

7 And when He had opened the fourth seal, I heard the voice of the fourth living creature say: Come and see.

8 And I looked, and behold, a pale horse. And the name of him who sat upon it was Death; and Sheol; the grave, followed with him. And power was given to them over a fourth part of the earth, to kill with sword, and with hunger, and with pestilence—the same under the authority of the beast of the earth.

Please notice, **verse 8** shows this will be over a fourth part of the earth. Yahweh also shows us the wars are held back until certain Elect are Sealed.

● **Revelation 7:3—**

Saying: Hurt not the earth, neither the sea, nor the trees, until we have Sealed the Servants of our Father in their foreheads.

These wars are being held back at this time but not for long. Plans are being made and war weapons are being put into strategic locations and soon, very soon, you will see the birth of this nuclear baby that is shown to be released in:

● **Revelation 9:14-15—**

14 Saying to the Last Malak which had

the trumpet: Loose the four messengers who are bound for the great River Euphrates!

15 And the four messengers were loosed, which were prepared for an hour, and a day, and a moon; month, and a year, in order to slay the third part of man.

Notice in **verse 15**, this nuclear baby, born at the hands of the Quartet, will kill the third part of man. **Verse 14** shows us where it will take place, in and around the great River Euphrates.

The next verses show us what type of war—nuclear war.

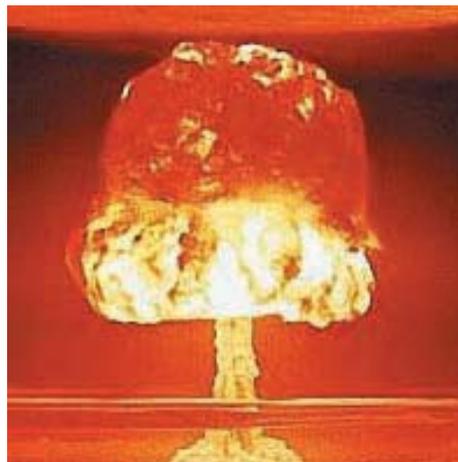

● **Revelation 9:17-18—**

17 And in my vision, I saw the horses and those who sat upon them like this: They had breastplates of fire; red, and of jacinth; blue, and brimstone; yellow, and the heads of the horses were as the heads of lions; and out of their mouths issued fire, and smoke, and brimstone.

18 By these three were the third part of man killed: by the fire, and by the smoke, and by the brimstone, which issued out of their mouths.

The three colors shown in **verse 17** give us the color of the mushroom cloud that comes from nuclear explosions. So, the wars prophesied here are not the conventional wars being fought in Iraq and Afghanistan at this time, but nuclear wars that have been held back, up until this point, but will be loosed soon as shown in **Revelation 9:15**.

Everyone should take heed to these Prophecies. The trouble today is in and around the great River Euphrates. This Prophecy was written 2,000 years ago. Where the trouble is now is proof that these Prophecies will all come to pass.

## Notice The Morality Of The World At This Time

The nuclear baby, which takes nine months to develop, if not held back by

Yahweh, is shown in several Prophecies. We can see in **Revelation 7:1-3** and **Revelation 9:14** that the nuclear baby is being held back. When these Scriptures are compared with **I Thessalonians 5:3** and **Mattithyah 24:21-22** we see that it is Yahweh who does the holding.

● **I Thessalonians 5:1-3—**

1 But concerning the times and the seasons, brothers, you have no need that I should write to you.

2 For you yourselves know perfectly that the day of Yahweh so comes as a thief in the night.

3 For when they will say: Peace—true peace! then sudden destruction comes upon them, as labor pains upon a woman with child; and they will not escape.

● **Mattithyah 24:21-22—**

21 For then will be Great Tribulation, such as has not come to pass since the beginning of the world to this time—no, nor ever will be.

22 And unless those days were shortened, there would no flesh be saved; but for the Elect's sake, those days will be shortened.

This is not speaking of the 3½ years or 42 moons of war being shortened in days. It's speaking of the nuclear wars (**Mattithyah 24:29**) being held back. Being held back in the greatest time of famine, starvation, food shortage, and nuclear wars—all of which could wipe out all flesh.

Remember, Yahweh is allowing mankind to bring these events upon himself to enlighten man as to what sin, the breaking of Yahweh's Laws, will bring.

We can now see it would bring total extinction if Yahweh did not hold back the nuclear wars that bring famine and starvation so that the time of starvation, which will end October 13, 2007, will not be so long as to kill all of mankind.

But notice, the Quartet is loosed and is preparing to bring nuclear war on a fourth part of the earth, in and around the great River Euphrates, which will kill a third part of man. But it will not stop with just a third part of man over that fourth part of the earth. Notice:

● **Revelation 9:20-21—**

20 And the rest of the men who were not killed by these plagues, still did not repent of the works of their hands, that they should not worship demons, and gods (elohim, teraphim) of gold, and silver, and brass, and stone, and of wood: which can neither see, nor hear, nor walk;

21 Neither did they repent of their murders, nor of their sorceries, nor of their fornication, nor of their thefts.

Anyone who reads the Inspired Scriptures can see the guiding Laws of

even the Ten Commandments and knows the religions today are not following the Inspired Scriptures. The most prevalent teaching in today's religions is the push for murder, fornication and sorceries.

There are over 46 million murders per year of unborn babies. The sale of body parts of these murdered babies was not public knowledge, but here it is for those who want to prove that Yahweh does indeed know the plight of mankind and has foretold man's morality perfectly for this time period. The price of killing babies has gotten even cheaper. Notice:

### **Abortions Worldwide**

#### **Number of abortions per year:**

Approximately 46 Million

#### **Number of abortions per day:**

Approximately 126,000

**Abortion averages:** Worldwide, the lifetime average is about 1 abortion per woman.

[www.abortiontv.com](http://www.abortiontv.com)

## **The Deadly Dead-Baby Industry**

Aborted fetuses are being dissected alive, harvested and sold in pieces to fuel a vast research enterprise. The results of "failed abortions" don't stymie the ghouls who profit from and run this industry. If the "aborted" babies are still alive when they see the light of the operating theater, they will be drowned, stabbed, beaten to death with tongs, or perhaps simply left to die before they are rendered.

The cadaver of a single aborted fetus isn't worth very much if sold whole (\$600 if more than eight weeks old) but worth thousands if rendered into various components, of which the brain commands the highest price, \$999 (30% discount if significantly fragmented), and with the skin of an aborted baby of more than 12 weeks gestation bringing in a mere \$100, and a single eye no more than \$50.

Opening Lines is one of two such organizations that were discovered by Mark Crutcher of Life Dynamics Inc. The other is the Anatomic Gift Foundation, founded in 1994 by Jim and Brenda Bardsley, who have since opened branch offices in Phoenix, Arizona and Aurora, Colorado.

The Opening Lines brochure states that "Our daily average case volume exceeds 1,500 and we serve clinics across the United States." Dr. Jones is said to be an aggressive salesman who is "eager to offer reduced rates for bulk orders." He also said in a recent taped interview that he is actively pursuing fetal tissue sources in Mexico and Canada."

It shouldn't be too hard to expand the fetal tissue trade into one of the most profitable enterprises on earth, should it? I would guess that the market potential in the trade of fetuses alone must be in the order of about \$40 billion per year.

[www.fathersforlife.com](http://www.fathersforlife.com)

## **U.S. sales of morning-after pill double**

WASHINGTON, July 13 (UPI) Sales of the morning-after pill Plan B in the United States have doubled since it was made available without a prescription.

Drug maker Barr Pharmaceuticals said sales will probably be close to \$80 million for 2007. The Washington Post said Friday.

The Food and Drug Administration approved the sale of the controversial emergency contraceptive without a prescription for women 18 and older last August.

Women's health and family-planning advocates say it illustrates the value of easing access to birth control to help prevent unwanted pregnancies, the newspaper said.

Conservative groups, however, question the drugs safety and maintain the pill can cause the equivalent of an abortion.

[www.sciencedaily.com](http://www.sciencedaily.com)

## **Now 10-Year-Olds Get The Contraceptive Pill**

Monday, July 9, 2007

David Scott and Kizzy Taylor

**Schoolgirls as young as 10 have been given the contraceptive pill, according to "alarming" new research.**

I can remember when Christianity would have risen up in protest strong enough to change the minds of members of the Supreme Court of America, but that's not so anymore. All religions have sunk so low in their morals, they care only for entertainment and illegal lust.

Uncontrolled, illegal lust leads to what we see today in the Catholic Church and in Christianity, which follow the Catholic Church in her rebellion against Yahweh's Laws. Uncontrolled, illegal lust brings fornication and adultery, which are sins that cause unwanted babies who are killed so the parents can go on sinning.

Yet, there is none to plead for Righteousness or repentance among the gods they worship.

We should be wondering how the morals of mankind became so low that the children are taught that it is okay to commit these sins.

Back to the article.

The report found that almost 5,000 underage girls are taking the pill, double the amount of 2001.

It is estimated that as many as 18 girls aged 10 were given the tablets, between 2001 and 2004.

Currently around a dozen 11-year-old, 80 girls aged 12 and 260 youngsters aged 13, are on the pill along with four percent of 14-year-olds and one in 10 of 15-year-olds.

But guidance issued by the British Medical Association and General Medical Council allows doctors to give the pill to girls of any age if they are deemed mature enough.

Dr. James McLay, a clinical pharmacologist at Aberdeen University, who led the study, said: "There has been a significant increase in children using the combined contraceptive pill. The increase isn't just variable, there has been a progressive use of these medicines. Most parents would be surprised to know that one in 10 15-year-olds is on the oral contraceptive pill. This increase is due to greater awareness among GPs of the importance of contraception in teenagers and the fact that more girls are sexually active at quite young ages."

[www.dailyexpress.co.uk](http://www.dailyexpress.co.uk)

**Can the minds of mankind be so confused that they can't see what they are causing when they encourage sexual sins? Notice what mankind is causing in the next news articles.**

## **Sexual diseases spike, baffling local experts**

July 10, 2007

Central Florida has seen a spike in the number of cases of sexually transmitted diseases in the past decade and experts aren't sure why.

The rate of STDs in the region increased 14.1 percent from 1995 to 2005, data from the Florida Department of Health show. The increase is similar to both state and national trends.

The numbers raise a question that public-health officials can't fully answer: Are more infections occurring, or are more people getting screened?

She [Karla Schmitt, Florida Department of Health] said in the past decade or so, men who have sex with men, and adolescents in particular, have become more at risk. In just a few clicks they can go in an Internet chat room and find anonymous partners with whom they

## **Sermon Tape Program!**

The House of Yahweh offers a program to make the cassette-taped sermons available as soon as possible. There is no quicker way to grow in the wisdom and knowledge of Yahweh, than by hearing the Word of Yahweh, over and over again. You will gain vital information not contained in *The Prophetic Word* magazine and the monthly newsletter.

Call 325-893-5899 today and ask how you can take advantage of this program. Your salvation depends on it!

never speak again. That also makes it difficult to notify those who could have been exposed.

The Centers for Disease Control and Prevention estimates 19 million new sexually transmitted infections occur a year nationwide. Reported diseases include chlamydia, syphilis, and gonorrhoea. Health departments are not required to report other sexually transmitted diseases, such as genital herpes and human papilloma virus. HIV and AIDS statistics are reported separately.

Nationally, the number of chlamydia cases more than doubled from 1995 to 2005. Although the number of infectious syphilis cases reached an all-time low in 2000, infections increased about 45 percent from 2000 to 2005.

The CDC estimates that almost half of all new infections of sexually transmitted diseases in the United States occur in people ages 15 to 24, a group that is high risk for a number of reasons, health experts say.

[www.orlandosentinel.com](http://www.orlandosentinel.com)

**Remember, these sins create herpes encephalitis and many other viruses which cause the brain to become inflamed, causing confusion; maybe even enough to cause famine—global food shortage.**

## Global food abundance no longer guaranteed

Europe's confectioners are reeling from a 40pc rise in butter prices over the past year, another symptom of the "agflation" hitting most food products. Food inflation is running at 6pc in Britain, 3.9pc in America, 4.9pc in Australia and 2.5pc in the eurozone. Food makes up about 13pc of the price index tracked by central banks in the rich OECD states.

Over the past year, EU barley stocks have fallen from 2.2m tonnes to 0.1m, wheat from 5.5m to 0.2m and maize from 5.6m to 2.6m.

[www.telegraph.co.uk](http://www.telegraph.co.uk)

## Southern Africa Is Running Out Of Food FAST

With the TB+Aids epidemics now killing one-quarter of the working-age black adults throughout the sub-continent, food production has dropped dramatically while the needy orphan population has soared. Also, South Africa's few remaining commercial farmers no longer produce enough to feed the entire southern African region like they used to do, their unions warn...

The southern African kingdom of Lesotho has declared a state of emergency today--appealing for international help to feed more than 400,000 desperately hungry people. And in Zambia, more than 1.2-million people also need urgent food-aid...

In all three countries -- as indeed is happening throughout southern Africa -- more than one-quarter of the black working-age

population is now infected with the combined deadly epidemics of Tuberculosis + Aids -- meaning that the number of people able to tend to their small subsistence-fields dwindle fast as the food-producers are dying, while the number of orphans needing emergency food-aid also rises dramatically.

The average life expectancy for black African adults throughout all the southern African countries including in South Africa has now dropped to below 32 years.

Meanwhile in Zimbabwe, where the prices of the few available foods in shops have soared by more than 9,500% since January, the food-aid organisation CARE reports on January 19, 2007 that Mugabe's police looted all their foreign food-aid supplies which were awaiting distribution to starving villagers.

## Surge in biofuels pushes up food prices

A surge in the production of biofuels derived from corn, wheat and soyabeans is helping to push up food prices so sharply that the World Food Programme, the United Nation's agency in charge of fighting famine, is finding it difficult to feed as many hungry people as it has in the past.

About half of the donations the WFP receives are now made in cash, the rest in commodities. When the organisation started, it benefited mainly from surplus food donated by wealthy nations including the US. It now receives cash from many countries, and often, as is the case with the US, must spend that money on products grown in the donor country.

[www.ft.com](http://www.ft.com)

## UN warns it cannot afford to feed the world

Rising prices for food have led the United Nations programme fighting famine in Africa and other regions to warn that it can no longer afford to feed the 90m people it has helped for each of the past five years on its budget.

The World Food Programme feeds people in countries including Chad, Uganda and Ethiopia, but reaches a fraction of the 850m people it estimates suffers from hunger.

"We face the tightest agriculture markets in decades and, in some cases, on record," Ms. Sheeran said. Global wheat stocks have fallen to the lowest level in 25 years, according to the US Department of Agriculture.

Ms. Sheeran added: We are no longer in a surplus world."

## The Fight For The World's Food

Most people in Britain won't have noticed. On the supermarket shelves the signs are still subtle. But the onset of a major change will be sitting in front of many people this morning in their breakfast bowl. The price of cereals in

this country has jumped by 12 per cent in the past year. And the cost of milk on the global market has leapt by nearly 60 per cent. In short we may be reaching the end of cheap food.

In the past 12 months the global corn price has doubled. The constant aim of agriculture is to produce enough food to carry us over to the next harvest. In six of the past seven years, we have used more grain worldwide than we have produced. As a result, world grain reserves - or carry over stocks - have dwindled to 57 days. This is the lowest level of grain reserves in 34 years.

The reason for the price surge is the wholesale diversion of grain crops into the production of ethanol.

## How Long Can The World Feed Itself?

We are still living off the proceeds of the Green Revolution, but that hit diminishing returns twenty years ago. Now we live in a finely balanced situation where world food supply just about meets demand, with no reserve to cover further population growth.

Then there's the heat. The most visible cause of the fall in world grain production -- from 2.068 billion tonnes in 2004 to 2.038 billion tonnes last year and a predicted 1.98 billion tonnes this year -- is droughts, but there are strong suspicions that these droughts are related to climate change.

[www.energybulletin.net](http://www.energybulletin.net)

Then comes also the disease epidemics, also prophesied for this same generation.

## Alzheimer's Association sounds alarm about looming epidemic

Still and epidemiological mystery, Alzheimer's disease is the seventh-leading killer in the United States. The disease affects 85,000 Marylanders and, because its incidence increases with age, may impact more than 100,000 statewide by 2050.

"There [should be] a real sense of urgency with this disease," said Cass Naugle, executive director of the Maryland chapter of the Alzheimer's Association... Another program, called Safe Return, features identification bracelets for "wanderers", who are entered into a national database.

"We could really have an epidemic if we don't discover a way of defeating or slowing the progress of the disease," Naugle added. "We've got to get the public to understand that this is something that will impact all of us, because it could bankrupt our health care system."

A form of dementia that attacks brain cell connectivity, Alzheimer's disease affects 10 percent of Americans older than 65 and almost 50 percent of those older than 85.

From its onset, the disorienting and ultimately fatal disease takes 10 to 20 years for symptoms to appear...

However, no reliable treatment for the disease exists...

Established in 1980, when federal research funding for the disease was at \$4 million...

Today, federal funding for Alzheimer's research tops \$650 million...

G.M. Corrigan, The Examiner

**Did you notice the money (\$80 million) in the article on page 6 for what **Revelation Chapter 9** calls sorceries. *Thayer's Greek-English Lexicon* page 649 gives us the meaning of the word **sorceries** (#5331).**

φάρμακτα [WH κία, so T (exc. in Gal. v. 20; cf. the Proleg. p. 88); see I, ε], -ας, ῆ, (φαρμακείω); ① the use or the administering of drugs (Xen. mem. 4, 2, 17). **b. poisoning** (Plat., Polyb., al.): Rev. ix. 21 [here WH txt. Tr mrg. φαρμάκων; many interpp. refer the pass. to next head]. **c. sorcery, magical arts, often found in connection with idolatry and fostered by it:** Gal. v. 20 [where see Bp. φάρμακός, -ίος, ὁ, (φάρμακον), one who prepares or uses magical remedies; a sorcerer: Rev. xxi. 8 Rec. (Soph., Plat., Joseph., Leian., Plut., al.)\* 5332

● **Revelation 9:21—**

...neither did they repent of their fornication...

The following definition comes from *Webster's New Dictionary and Thesaurus*.

**for'ni-ca'tion** *n.* sexual intercourse between unmarried persons

**Fornication, adultery, sodomy, homosexuality, and bestiality are all classified as god worship. God worship is not the worship of the Creator, Yahweh, nor is it the worship of the Savior, Yahshua Messiah. Yahweh was never identified as a god in the original Inspired Writings of the Holy Scriptures or what some call the Holy Bible today.**

Yahweh is the Name of the Heavenly Father and Creator of the universe. Yahweh is the only Being in the universe Who can foretell the future and show us things which will come to pass. Yahweh shows that fornication, adultery, sodomy, homosexuality, and bestiality cause STDs which defile the minds and bodies of mankind. They also defile the earth and the firmament called the ozone.

The timely June special issue of *The Prophetic Word* magazine featuring the real cause of global warming is a must read. There is no power but that of Yahweh.

Check with your gods and tell us the

future. They can't because they have no power. Your gods, lords, elohim, and adonais have no power to inform you of what you are bringing upon yourselves by the path you are following.

The whole world is asleep to the deadly diseases that are spreading to every person in the world. Scientists and doctors are now saying "we should be concerned" yet, they, like all religions, are practicing sin and hoping to find a pill that will save them. But they can't: your diseases are incurable Yahweh says in **Yeremyah 30:12** and **46:11**, speaking of this time period.

Some scientists are now admitting the same. There is no cure for what mankind has created. Fornication is a sin against your own body.

● **I Corinthians 6:18, KJV—**

Flee fornication. Every sin that a man doeth is without the body; but he that committeth fornication sinneth against his own body.

● **I Corinthians 6:18, Amplified Bible—**

Shun immorality and all sexual looseness [flee from impurity in thought, word, or deed]. And other sin which a man commits is one outside the body, but he who commits sexual immorality sins against his own body.

● **I Corinthians 6:18, BOY—**

Flee sexual immorality! All *other* sins that a man commits are outside his body; but he who sins sexually, sins against his own body.

● **I Corinthians 6:9-10, KJV—**

9 Know ye not that the unrighteous shall not inherit the kingdom of God? Be not deceived; neither fornicators, nor idolaters, nor adulterers, nor effeminate, nor abusers of themselves with mankind,

10 Nor thieves, nor covetous, nor drunkards, nor revilers, nor extortioners, shall inherit the kingdom of God.

● **I Corinthians 6:9-10, Amplified Bible—**

9 Do you not know that the unrighteous and the wrongdoers will not inherit or have any share in the kingdom of God? Do not be deceived (misled): neither the impure and immoral, nor idolaters, nor adulterers, nor those who participate in homosexuality,

10 Nor cheats (swindlers and thieves), nor greedy graspers, nor drunkards, nor foulmouthed revilers and slanderers, nor extortioners and robbers will inherit or have any share in the kingdom of God.

● **I Corinthians 6:9-10, BOY—**

9 Do you not know that the unrighteous will not inherit the Kingdom of Yahweh? Do not deceive yourselves. Neither *fornicators*, nor godworshippers (worshippers of elohim), nor adulterers, nor men who commit sexual perversions with boys, nor men who commit sexual perversions with other men,

10 Nor thieves, nor covetous, nor drunkards, nor revilers, nor extortioners, will inherit the Kingdom of Yahweh.

The gods are not warning mankind of what their ways are bringing in this time

period called the Last Days. Why? Because they have no power to foretell the future. Neither do their preachers.

Notice what Yahweh says you are doing to yourselves by following the gods and deceiving preachers.

● **Isayah 24:1-6—**

1 Before Yahweh's *very* Eyes, the earth is made empty and it is made waste; the face of it is perverted and its inhabitants scattered abroad;

2 And it will be: as with the people, so with the priests; as with the servant, so with his owner; as with the maid, so with her mistress; as with the buyer, so with the seller; as with the lender, so with the borrower; as with him who takes usury, so with him who gives usury to him:

3 The land will be utterly emptied and utterly plundered, for it has come to pass that this Judgment has been pronounced.

4 The earth mourns and fades away, the world mourns and fades away, and the haughty people of the earth languish.

5 The earth also is defiled because of the inhabitants of it, because they have transgressed the Laws, changed the Ordinance, and broken the Everlasting Covenant.

6 Because of this, the curse has devoured the earth, and they who dwell therein are desolate; therefore, the inhabitants of the earth are burned, and few men left.

● **Yahchanan Mark 1:15—**

And saying; The time has been fulfilled, and the Kingdom of Yahweh is at hand! Repent, and believe the Message!

● **Luke 13:3-5—**

3 I tell you, No! But unless you repent you will all likewise perish!

4 Or those eighteen on whom the tower in Siloam fell and killed them, do you think that they were sinners above every man who lived in Yerusalem?

5 I tell you, No! But unless you repent, you will all likewise perish!

● **Acts 3:19—**

Repent therefore, and be converted, that your sins may be blotted out; that times of refreshing may come from the Presence of Yahweh;

● **Revelation 2:21-22—**

21 And I gave her time to repent of her fornication, but she did not repent.

22 Behold, she will be cast into a bed, and those who commit adultery with her into Great Tribulation, unless they repent of their practices.

Soon Yahweh will allow the birth of the nuclear baby, which will result in the death of a third part of man (**Revelation 9:18**) over a fourth part of the earth, in and around the great River Euphrates (**Revelation 6:8**).

Because of the lack of morals in today's religions, even though the Inspired Scriptures show that man must repent and convert to the Righteousness of Yahweh's Laws, Yahweh shows the religions will not do so.

So, when will the end be? Unless Yahweh holds it back, October 13, 2007 is the set time for finishing transgressions and pouring out His Power and Great Authority upon His Holy People. The end of man's sins will come with a bang—one that will darken the sun.

Yahweh's Plan is to enlighten mankind by showing him what the breaking of His Laws will bring. We are already seeing the deadly epidemics of sin in the form of STDs but you will be enlightened even more as we draw closer to October 13, 2007.

You will see it in the form of disease epidemics, famines, hatred among the nations and so-called natural disasters, which are not so natural, like global scorching heat, all of these will reach their peak in 2007 as shown in Yahweh's Prophecies. For details get our book, *Birth of the Nuclear Baby*. True Prophecies from Yahweh, the Only True Power in the universe are shown and explained in detail in this book.

Carefully read the following.

● **Isayah 44:1-8—**

1 Yet now hear, O Yaaqob My servant, and Yisrayl whom I have chosen,

2 This is what Yahweh says, Who made you and formed you from the womb, Who will help you: Do not be afraid, Yaaqob My servant and Yeshurun; *Beloved Yisrayl*, whom I have appointed.

3 For I will pour water upon him who is thirsty, and floods upon the dry ground; I will pour out My Spirit upon your seed, and My blessing upon your offspring.

4 They will spring up among the grass, as willows by the water courses.

5 One will say; I belong to Yahweh, and the same will call himself with the name of Yaaqob. The other will subscribe with his hand, and write; I belong to Yahweh, and surname himself with the name of Yisrayl.

6 This is what Yahweh, the King of Israyl, and Redeemer, Yahweh of hosts, says: *I am the First, and I am the Last, and except for Me there is no source of power!*

7 And Who, as I, will foretell, and set it in order for Me, since I appointed the ancient people? And the things which are coming, and will come, let them foretell them.

8 Do not fear, nor be afraid. Have I not told you from that time, and have declared; You are My Witnesses! Is there a source of power except Me? Truly, *there is no other rock; I know not one.*

● **Isayah 45:4-6—**

4 For Yaaqob My servant's sake, and Yisrayl My chosen; and I call you by your name (Yaaqob); and I surname you (Yisrayl), though you did not recognize that it was Me.

5 I am Yahweh, and there is no other apart from Me. There is no god (el). I will strengthen you *with this knowledge*, though you did not recognize that it was Me—

6 So that they may know from the rising of the sun to the place of its setting that *there is none besides Me. I am Yahweh, and there is no other!*

Can your god, lord, baal, el, adonai, or Mary show you anything but war and fighting? Can they foretell your future? No! There is no power that can foretell except Yahweh.

● **Isayah 45:21-22—**

21 Speak out, bring your proofs near; yes, let them take counsel together. Who has declared this from ancient time? *Who* has foretold it from that time? *Have* not I, Yahweh? And there is no source of power except Me, a just Father and a Savior;

22 Look to Me, and be saved, all the ends of the earth; for *I am Yahweh, and there is no other source of power.*

What good is a god without a plan to stop sin, which causes sickness, disease, hatred and wars? What good is a god that can't show you what your evil ways will bring you? If he or his preachers can't warn you before disaster comes, what benefit is he? Yahweh says:

● **Isayah 56:10-11—**

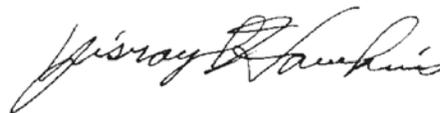

10 Your watchmen are blind, they are all ignorant; they are all dumb dogs, which cannot bark *any warning*; sleeping, lying down, loving to slumber.

11 Yes, they are greedy dogs; insatiable of appetite, which never have enough. They are also shepherds who cannot understand; they all look to their own way, each one for his own gain, from every quarter.

You need to start making plans now if you are near the great River Euphrates, that fourth part of the earth, to move to Abelin, Texas, just east of Abilene, Texas to The House of Yahweh. It's the Only prophesied Place of Protection on earth for this time of trouble.

May Yahweh bless your understanding.

Love, True Love,  
In Yahshua Messiah,

Overseer Yisrayl Hawkins  
The House of Yahweh, Abelin

**You are missing a world of knowledge if you are not receiving the weekly Sabbath sermon tapes. These very informative sermons will help you to keep up with the prophecies being fulfilled and teach you how to prepare for the troublous times ahead.**

## Live Radio Program!

Don't miss the Last Days' Witness Yisrayl Hawkins every other Sunday morning at 10:00 am Eastern Standard Time (9:00 am CST) or afternoon at 1:30 pm (12:30 pm CST) from Atlanta, Georgia! Go to <http://www.love86.com/index.php?section=1> and click on "Listen Live". This will launch the media player and in just a few moments you will be listening to Pastor's radio program live.

He who hears Yahweh's call *and obeys it*, let him learn the Word of Yahweh that is taught to the Called Out Ones of The House of Yahweh. —Revelation 3:13

## Publications By Yisrayl Hawkins:

The following books have been written by Yisrayl Hawkins and published by The House of Yahweh.

- *Birth Of The Nuclear Baby—The Explosion Of Sin*
- *Can We Avoid The Next Holocaust?*
- *Deceptions Concerning Yahweh's Calendar Of Events*
- *Devil Worship—The Shocking Facts!*

## NOTICE

Due to the ever increasing rise in gasoline prices and postal rates, The House of Yahweh is no longer able to ship our free literature to foreign countries, excluding Canada, without a shipping and handling donation.

You may send the following shipping and handling donations in U.S. currency:

- 6-month subscription for *The Prophetic Word* magazine and monthly newsletter: U.S. \$20.00
- 1 free booklet: U.S. \$2.00
- 3 free booklets to the same address: U.S. \$5.00

Please note that our monthly *Prophetic Word* magazine, monthly newsletter and various booklets are available free for your viewing or downloading on our Internet site: [www.yahweh.com](http://www.yahweh.com).

## *Birth of the Nuclear Baby*

*It's Not  
Science Fiction!*

This nuclear baby was conceived September 12, 2006 and just as with a woman with child, nine months later the delivery is due, which will bring us to June 12, 2007. This nuclear baby will actually kill one-third of man over a fourth part of the earth in and around the great River Euphrates.

For more details on this amazing Prophecy and what you can do, you need this book.

**It's  
100%  
True  
And  
Coming  
Soon!**
